III. TEST CZYTANIA ZE ZROZUMIENIEM

Read the following text and do the two exercises below it.

Critics of the 2015 film *Star Wars: Episode VII – The Force Awakens* have called the film unoriginal and predictable because the story so closely mirrors the very first *Star Wars* film in 1977. But, in fact, both films follow a structure that pre-dates all Hollywood films, that of the 'hero myth'. That's because director George Lucas based *Star Wars* on the ideas in Joseph Campbell's 1949 book, *The Hero with a Thousand Faces*. Later editions of Campbell's book even featured *Star Wars*' hero Luke Skywalker on the front cover.
